Always
have...

I loved them.

There's no
logic behind
it. So strong.
So cool.

Even
before I was
born

I was always
captivated by
them.

CHAPTER 1 "LET'S RIDE A ROBOT"

STORY:

AMATSUKI EINO
HERO BOOKS / SHUEN KOTONO

ART:

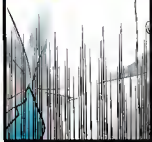

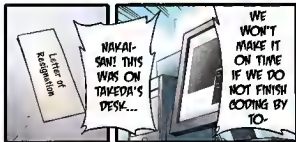

KATOU TAKUJI

KUROBEN

Magic

RIGHT NOW...
I'M RIDING A REAL
ROBOT!!

Nakai-san!

WE'LL NEVER MAKE THE DEADLINE LIKE THIS!

DAAHHH, SHUT UPPPPP!!

Klba, the spec sheet looks a bit off here and here. Redo those for me.

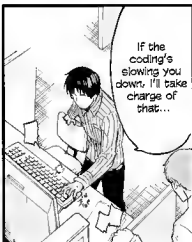

O-O-KAY

Ta-chihara-san, can you handle two code modules? I'll take care of the other part.

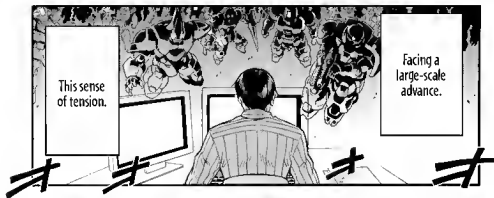

O-O-KAY.

Secure the test machine, and have the tester take a break for now.

Y-You saved us...!

*I'm
surrounded
by robots!*

*Haha...
I really do
love these
things!*

A box
set of old
robot anime
background
music.

Spare
parts on
sale and
campaign
items, se-
cured!!

Restocked
on surfacer,
paint and
brushes!

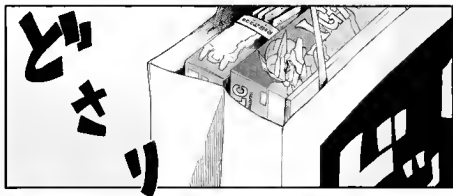

No,
calm
down...
I'll think
hard
about
it first
and
...

It's
well made,
just like I've
heard... Since
it's payday,
after a day
of savage
battles...

Well,
I'd nor-
mally
rather
build it
myself.

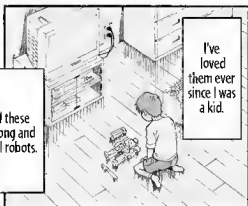

This
series
is only
released
already
completed,
huh...

Ohh!

All these
strong and
cool robots.

I've
loved
them ever
since I was
a kid.

A real one!

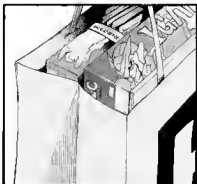

*I want to
see one one day!
I want to ride
one!*

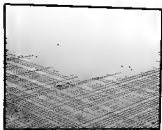

But
I'm fine
with this
now.

It was such a
childish dream.

I'd
surrounded
... by... ro...
bots-

Such a
waste...
I was just
thinking...

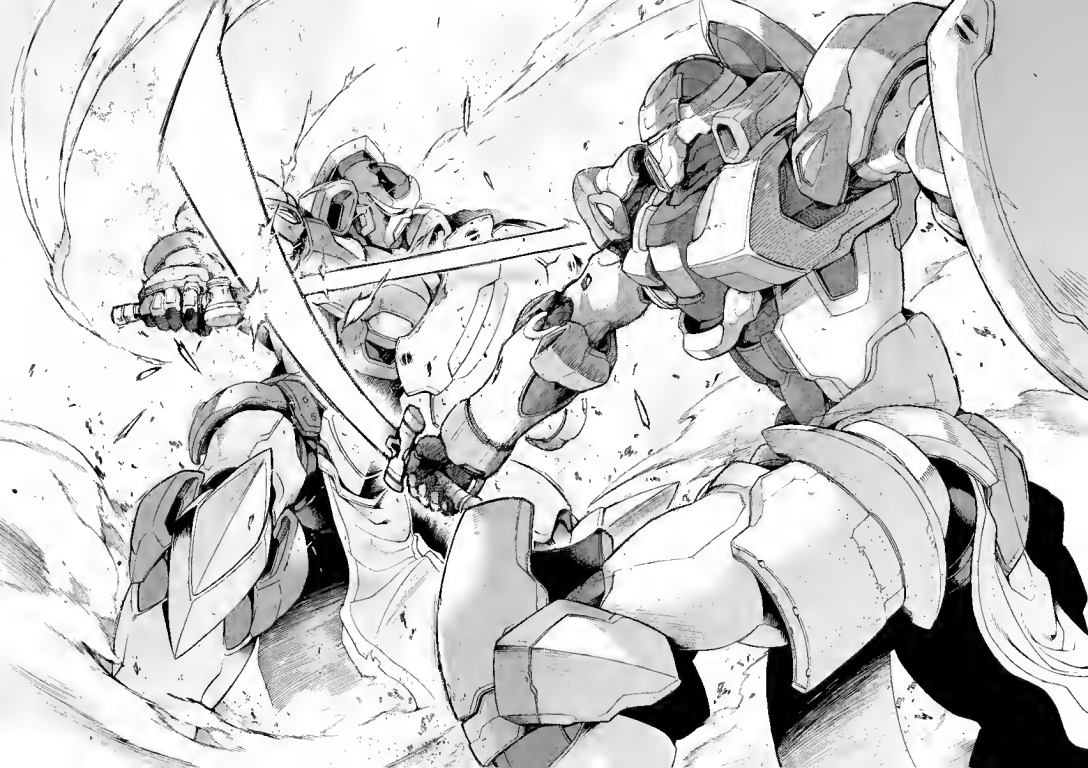

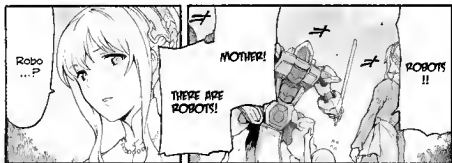

Ahhh...
Ah...

According to the
police investiga-
tion, the driver in
this incident had
consumed large
amounts of
alcohol...

The victim was
Kureta Tadamasa, 28,
who lived in the
area. According to
witnesses, he was
taken away by
ambulance, but the
hospital has con-
firmed his death.

Next in the news,
some time after
10pm last night, a
man was struck
by a vehicle in a
residential area of
K City, S district.

Then
I'll become
a knight!!

On my.

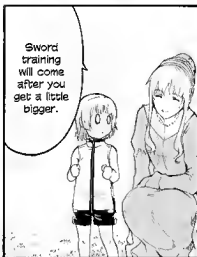

You
must first
become a
knight before
you can ride
a Silhouette
Knight.

I WANT
TO RIDE A
"SILHOUETTE
KNIGHT"
TOO!

HOW
CAN I RIDE
ONE?!

Sword
training
will come
after you
get a little
bigger.

I'll
study!
Please
teach me
the sword!

You have
to study a
lot and train
extensively
with the sword
to become a
knight you
know.

We humans are a race which cannot use magic on our own.

What does "pure" mean?

Humans possess a weapon called "intelligence".

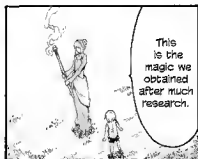

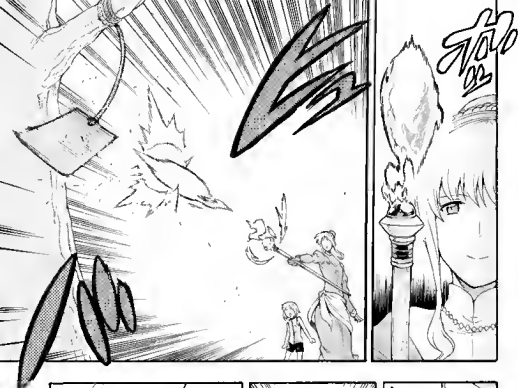

But instead...

Now then, let's put this into practice outside.

This is because we do not possess crystals within our bodies which act as catalysts for mana.

This
is the
magic we
obtained
after much
research.

The "escrips",
which explain
and establish
the structure
of magic...

The
catalyst
crystal which
we do not
possess in
our bodies,
is used outside
our bodies.

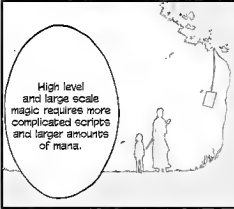

All creatures with self-awareness, including humans, have this instrument of imagination—the "Magius Circuit".

It is because we have this, that we are able to process scripts and use magic.

Are used through the "Magius Circuit" within our brains.

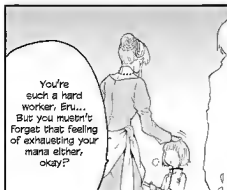

High level and large scale magic requires more complicated scripts and larger amounts of mana.

The scripts themselves are combinations of things like figures and formulas.

You're
such a hard
worker, Eru...
But you mustn't
forget that feeling
of exhausting your
mana either,
okay?

Yes!
But this
is the most
basic of
basics, so
I still have
a long way
to go!

...Okay!
I'll practice
and get a
little stronger
every day!

I understand
it's fun, but
you mustn't
push too
hard.

Yes, he
is...

He sure
is lively,
that Eru.

Both
stamina and
mana are things
you must train
for steadily.

He always
seemed bored
somehow.

Although Eru
is a bright and
kind child,

He's
changed,
ever since that
day he saw the
Silhouette
Knight.

It was as if he
had something
precious taken
away from
him...

But I'm
glad.

He looks
like he's really
enjoying himself.

I thought
of this so
many times
before...

It's like a
dream.

.....

Now, I can
finally say it
from the bottom
of my heart.

But that I
could once again...
find them.

*That I was
reborn here.*

I'm glad,

And then,
I was reborn
as "Ernesti
Echevalier".

"Kurata
Tsubasa" died.

At that
moment,

*TL note: Kanji is Kuzo Tsubasa

THAT'S
RIGHT!

AND
THE MAGUS
CIRCUIT WHICH
PROCESSES
THAT, IS A
VIRTUAL COM-
PUTER!

THE
STRUCTURE
OF THE SHAPES
WHICH EXPRESS
SCRIPTS IS THE
VERY THEORY
BEHIND PRO-
GRAMMING
LANGUAGES!

*For a long
time now.*

*I've been using
this magic.*

Yes.

Is he
continuing
his magic
training?

So
how has
Eru been
doing since
then?

Although
he says he's
training, he
may be playing
with his
friends.

Yeah, he is still
a child after all.

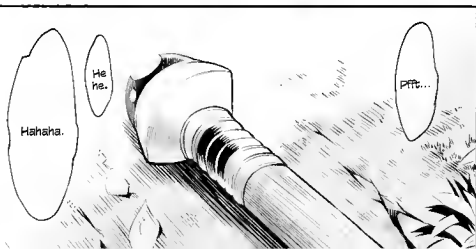

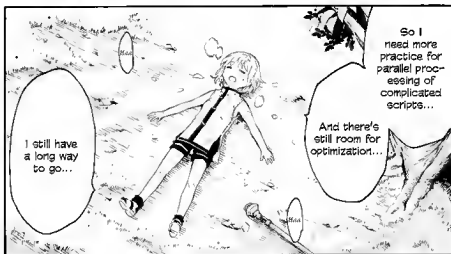

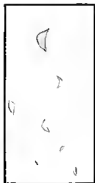

When I
think he's
sitting in the
den studying...

He's
always
outside,
and then
comes home
covered in
mud.

I'm back.

I knew it...
so nice!

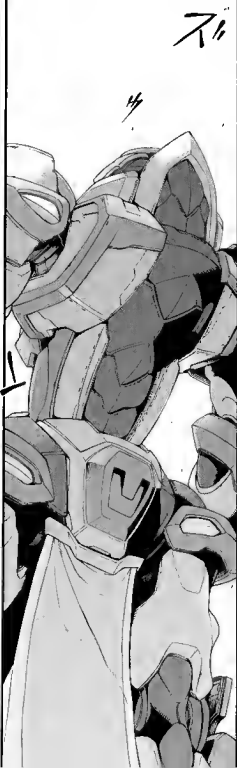

Even
before I
was born.

I've
always been
captivated
by you.

So please,
wait for me!

NO MATTER
WHAT, I'LL BECOME
A KNIGHT.

AND RIDE
YOU!
